Music to Our Ears

Upcoming in science: sound waves! Students will make their own musical instrument to help them understand this concept. Each student will need to bring in a cereal box, tissue box, or other type of cardboard box to make their instrument. These need to be brought in by March 24th. Since storage space in the classroom is limited, please send only one at this time. Donations of big bags of various, large rubber bands would be appreciated, too.
